

PRESSURE / TEMPERATURE RECORDING UNIT

This recording unit includes:

- 1 pressure gauge
- 1 bleed-off valve et 1 isolating valve
- 1 adjustable relief valve
- 1 pressure/temperature recorder (specify if 1 turn 4h, 12h or 24h)
- 1 flexible hose LG 5 meters on outlet side

This unit is mounted, tested & delivered with calibration certs of recorder (P. and T°) & of pressure gauge.

Different Pressure Ranges : from 40 bar to 2500 bar

REF	PRESSURE RANGES	TEMPERATURE RANGES
195K0002	60 bar	120°C
195K0003	100 bar	100°C
195K0004	400 bar	80°C
195K0005	600 bar	120°C
195K0006	1000 bar	100°C

FOR INFORMATION : Corresponding pump unit
